Save Lives and Have Fun too!

Dogs must be indoors while you are gone and leashed when outside a fenced yard.

Why should I become a Foster Parent to a Golden Retriever?

Foster Care will culminate in a new beginning for a deserving Golden Retriever. By fostering a dog, you get to know the dog. Since you know the dog best, you help us determine the best new and final home for that dog. Each time you help match a displaced Golden Retriever with just the right family, you will know you have done something good, caring, helpful, and lasting. You will have been the major player in helping a wonderful Golden Retriever find a happy life.

What will I need to do?

Foster homes are responsible for the daily care of the foster dog, including:

- Feeding
- Socializing
- Exercising
- Brushing and grooming as needed
- Observing behavior and temperament
- Providing love and security to a special Golden Retriever at an often-difficult time in his or her life.
